To Whom It May Concern

This is to certify that **Gedeon Jeremy Prosch** Emp ID **510481** a student of **Heinrich-Heine-Universität-Düsseldorf** has interned for a period of **14 weeks** from **Oct 07, 2024 to Dec 27, 2024** with the **Unit** at Infosys Limited as part of InStep. Infosys' Global Internship Program.

As part of his project, **AI-Powered Application for Automated Project-Code Conversion**, he reached **Following Achievements**:

- **Conceptualized a solution for converting projects between languages and frameworks while maintaining web infrastructure consistency.**
- **Developed a structured project plan for a proof of concept within a pre-defined smaller scope.**
- **Designed and implemented the Angular fronted of a customized LLM-testing-Framework, to become the Project Environment Interface.**
- **Successfully connected the Fronted with an expandable hollow Spring Boot backed.**

Gedeon demonstrated exceptional growth and innovation, rapidly acquiring knowledge to formulate and begin implementing a visionary solution for a complex challenge. His ability to break down an ambitious concept into pragmatic, achievable steps was particularly noteworthy.

We wish **Gedeon Jeremy Prosch** the very best in all his future endeavors.

Warm Regards,

Elena Könitz
